

YEARN Annual Report 2016/17

YEARN Mission

- The Yorkshire Effectiveness and Audit Regional Network (YEARN) is an independent group formed of representatives of health organisations. The network supports member organisations in providing and promoting good practice and innovation in clinical audit, effectiveness and quality initiatives by;
- Providing, sharing, and disseminating good practice relating to clinical audit, effectiveness and quality processes, systems, activity, and tools through local knowledge and horizon scanning
- Providing a support mechanism to members of the network for the development of clinical audit, effectiveness, and quality within their organisations
- Providing a forum for discussion and debate
- Promoting training and development opportunities
- Maintaining alliances and links with the organisations involved in the group and other key external stakeholders; e.g. HQIP, NICE, NHS England, NHS Digital
- Maintaining two way communications with the NQICAN through the representative for Yorkshire and the Humber region
- Contributing to the national agenda and its initiatives

2016/17 Achievements

- QI training was delivered
- Reduction in frequency of the meetings, to allow better attendance
- National audit sub group – Paper produced and submitted to NQICAN. Interviewed by HSJ. Acknowledged by HQIP.

2017/18 Objectives

- Engagement with the wider network attendance of YEARN
- More patient-focused
- Lobby work and interfacing
