

# Cumbria & Lancashire Clinical Audit Network (CLCAN)

We held our Annual North West Regional Clinical Audit Training Event at Haydock on 28<sup>th</sup> February 2019 where we hosted the event with 3 other networks, namely;

- Deb Kershaw (GMCAN)
- Catherine Dunn (NWMHCAN)
- Sarah Byrne (MCAN)

The network training was funded through NQICAN and this money is used to support the running of the network and training and education.

The event was chaired by HQIP Medical Director; Professor Danny Keenan and focused on themes around 'national audit' and 'making data count'.

Guest speakers were Carl Walker (N-QI-CAN Chair) and Gilliam Mathews (NHSI Service Lead).

# North West Clinical Audit Network's Training Event 2019

Feedback from the event was positive in that 64% confirmed they attended the event to develop their knowledge and that some specifically stating “plot the dots”, 38% confirmed it was a networking opportunity.

- 94% of the people found the event met or exceeded their expectations.

Heather Pratt, Associate Deputy Director Compliance & Assurance (UHMB)  
Chair Cumbria & Lancashire Clinical Audit Network  
September 2019

5. How do other trusts close down completed audits
6. How do trusts have enough assurance following results of an audit
7. Other accredited training schemes
8. Ideas for training this year – Haydock

Looking forward into 2019/20 the CLCAN is currently in discussion with NWMHCAN with the possibility of merging both networks. This is main is due to the fact that a significant amount of trusts have acquired additional services either mental health or community services and the breadth of knowledge at the network would benefit from being widened

The following trusts would be affected

- Northwest partnership
- Greater Manchester West
- Pennine
- Lancashire Care
- Chorley and south Ribble
- Southport & Ormskirk
- Cumbria Partnership
- Blackpool teaching hospital
- East Lancs teaching hospital
- Morecambe Bay hospitals
- Lancashire Teaching Hospital
- NWAS
